Solution-Oriented

DESIGN EXPERIENCE

Old Majestic Brewery Outdoor Seating - 8 weeks

Designed a new take on outdoor adirondack chairs to provide a functional and aesthetic upgrade to Old Majestic's outdoor space in Mobile, AL. My chair design was one of four chosen to be manufactured at Auburn.

WW&L's Ultimate Fan Experience - 15 weeks

Worked alongside classmates to develop a better digital fan experience for a variety of ticket events (i.e. music festivals, sports games, museums). The final product consisted both of high-fidelity wireframing for web development and a physical NFC product to merge the gap between digital and physical.

Perlick Beverage Towers - 15 weeks

Worked with Perlick to upgrade styling and functionality of current beverage towers. Project focused on user research and ergonomic considerations.

GoodWood LLC Design Internship - 6 weeks

Designed a geometric tessellation to create a three-dimensional statement piece for a San Francisco software company. Project included preparing files for CNC routing.

EMPLOYMENT

Student Assistant - Innovation & Research Commons at RBD Library - October 2021 to present

Help students navigate Adobe suite applications, computers, large-format printing, and other creation techniques provided.

Commissioned Design Work - 2016 to present

Create branding and merchandise design for private clients in central Kentucky.

VOLUNTEER EXPERIENCE

Big Blue Lacrosse Club Coach - Summer 2019 to present

Middle and elementary school coach helping to grow the next generation of central Kentucky lacrosse players.

Campus Kitchens at Auburn - Spring 2020 to present

Collect, package, and distribute extra food from campus dining to reduce food waste and fight food insecurity.

SIGD Student Advisory Council - Fall 2020 to Fall 2021

Communicate with school head to discuss upcoming events, scheduling, conflicts, and potential resolutions.
